Company Overview

Eyewood Design, Inc. is a closely held company whose primary business is that of providing competitively priced, high-quality cabinetry, casegoods, millwork, and custom furniture to contractors and facility owners. In addition to a manufactured base product, EDI also provides complete engineering and project management services. The company's products are distributed throughout North America.

The company began in 1986 and was incorporated in 1993. Located in Interlochen, Michigan, the main plant occupies 25,000s.f. of manufacturing space.

The company's business, as it exists today, is that of supplying quality standard line and custom products and services to a variety of end users including... general contractors, facility owners, franchise groups, major department stores, and commercial corporations. The products manufactured by Eyewood Design meet or exceed the quality standards established by AWI, NKBA, NASFM, and the NSF. Eyewood's customers have come to rely on its ability to communicate, design, manage, manufacture, and deliver on time the right product for their application. Our commitment to being involved, innovative, solution oriented, and flexible remains the cornerstone of our relationship with our customers. This attitude along with the work ethic and knowledge of our staff has helped the company to experience 20% growth in each of the last 5 years.

It is the goal of the company to continue to serve its customers with the highest level of integrity and customer commitment, to continually exceed our customer's expectations, and to build long-term business partnerships.

Company Specifications

- Classification:** Architectural Millwork & Cabinetry, Store Fixtures, Institutional & Commercial Casework, Library Furnishings, Kitchen & Bath Cabinetry.
- Work Categories** 06400 Architectural Woodwork, 06410 Custom Casework, 06620 Solid Polymer Fabrications, 12300 Institutional Casework
- Manufactured Products:** Casework, Commercial Cabinetry, Stock Cabinets, Countertops, Processed Panels
- Services:** Design consulting & budgeting, engineering, project management, manufacturing, factory finishing, and installation.
- Mfg. Capacities:** Full CNC machining:
Edgebanding: Including solid lumber and veneers, plastic laminates, PVC's .5mm-3mm thickness
Cutting: Precision single through multiple sheet panel sizing.
Pressing; Both hot and cold press capacities of laminates and veneers,
Factory finishing: 4000s.f. Dedicated spray room for applying lacquer, polyurethane, polyester, conversion varnish. Complete custom stains and dye formulating. Our finishes comply with A.W.I. section 500 for factory finishes.
Solid Surface fabrications: Certified fabricator status.
- Management Team:** Sales Designers: full-time, on staff.
Engineering: value added CAD services. Using AutoCAD, Vectorworks 3d modeling, and Cabinet Vision Solid Modeling.
Complete shop drawings, design build, prototyping.
Project Management: Full time account managers proficient in scheduling and management of Institutional, P.O.P/ Store Fixture, Medical/ Dental, Commercial Development, Airline/Airport,
- Number of Employees:** Office: 10 Plant: 30
- Target Project Size:** \$10,000-\$3,000,000/project.
- Manufacturing Plant:** Main 25,000 sf.
- Insurance:** General Liability -\$2M, Workman's Comp. -\$.5M/ occurrence.

Core Competencies

Architectural Millwork and Cabinetry

- AWI Custom and Premium Grade Production Standards.
- Site Project Management.
- Project Estimating.
- Value Engineering and Consulting.
- AWI Molding Profile Resources.
- Factory Finishing (Custom color stain and dye formulating, lacquer, polyurethane, polyester, finishes) AWI Section 1500 compliant.
- Project Scheduling.
- CAD Design/Engineering.
- Installation Services.

Commercial Casework

- Complete Estimating, and Budget Management.
- Project Management and Coordination
- CAD Design/Engineering
- Site Project Management
- Specification Development.
- AWI, NASFM, NSF Compliant Products
- Installation Services
- CNC Production
- Factory Finishing
- Dealer Casework Program

CNC Components and Fixtures

- Prototype Design and Development.
- Accurate CNC Machined Components.
- Production Edgebanding
- Specific Key Account Management
- Production Finishing
- R.T.A. Production
- Assembly Services
- Fulfillment Programs
- AutoCAD/ DXF file Transfer

Corporate Values of Eyewood Design

Customers

We are committed to understanding, anticipating, and exceeding our customer's specific needs. We believe that each customer is immeasurably important and that our existence does in fact depend on them. We will make the extra effort to assure their satisfaction.

Quality

We will strive to obtain a level of quality that transcends far beyond the products we manufacture. Total quality demands continuous improvement to our products, processes and services we offer. Our ability obtain total quality will be contingent on our ability to embrace change and achieve the full involvement of all our employees.

Innovation

Innovation is the fuel for our growth. We accept and encourage change as the rule not the exception. We promote creativity and strive to be unique in the products we offer and ways we conduct business. We will take well-intentioned risks and encourage others to challenge the processes and procedures we employ.

Responsiveness

We will respond quickly and efficiently to the needs of our customers.

Professionalism

We will strive to be professional in our appearance, attitude, and our conduct. We will positively encourage one another to maintain and improving our corporate image.

Pride

We will take pride in the products we manufacture, the services we provide to our customers, our workplace, and our community.

www.eyewood.com

Performance

We encourage high expectation, set ambitious goals, and reward excellence in quality, attitude and ethics. We will recognize and reward top performers.

Team Work

We build trust and teamwork with open and honest communication. We will be compassionate towards each other. We will support the sharing of ideas, skills and resources throughout the company.

Passion

We are passionate about our company, the industry we serve, our customers, our co-workers, and the products and services we provide.

Respect and Trust

We will treat each individual with respect, courtesy, and dignity, gaining their trust by treating them the way they would like to be treated. We will demonstrate honesty and integrity at all times. We truly believe in, care for, protect and support each other.

Community

We serve our community with the goal of helping others in need and improving our environment.

Employees

Our people are our primary source of strength. Their involvement provides the fuel for our passion. We will provide training, resources, and growth opportunities for our employees. We will reward and acknowledge their involvement in activities that allow us to excel. We will listen and respond to the needs of our co-workers. We will help each other to reach their full potential.

Recognition and Celebration

We will continuously look for opportunities to recognize one another and celebrate individual and team accomplishments.
